Thomas

To Whom It May Concern:

I have been a Manager for Summit Information Systems for 24 years, with a total of 41 years in the Information Systems Industry.

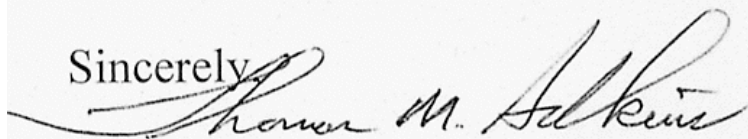

During October 2004, I became very ill and had to stop working at my trade. At first, my Company's Insurance Company helped us pay and manage our bills. Then, at one point, the Insurance Company denied my claim and I called Mr. Randall Noah, Attorney at Law.

Randy took my case on, at "no initial charge" and negotiated with my Insurance Company on our behalf, over the next few months, keeping us informed when any new developments occurred. Randy was able to work closely with us as clients and spoke the language required to eventually get all of our benefits re-instated.

Randy also, working on our behalf, further negotiated with our Insurance Company to achieve a final settlement on the LTD claim.

I would highly recommend Mr. Randall Noah for any disability or other legal matter that you might need help with. Randy has shown dependability, honesty, and a genuine concern as our attorney and he will fight to help you win your case!

Sincerely,
